

Ghozzi Mohamed Ali

Information Technology Technicien

Since I'm passionate about the IT field, I always look for opportunities to improve my skills in this field. That's why I studied IT at the Higher Institute of Technology Studies of Bizerte and graduated with a specialization in System Information Development. Not only IT is important to me, but I also strive to improve my other skills like communication and problem-solving abilities so I can continue on my journey towards a perfect career.
